YOUR MOVING DAY SUCCESS GUIDE

To help ensure a smooth and efficient move, please review the following recommendations before moving day.

1

IF YOU HAVE NOT SCHEDULED PACKING SERVICES WITH NOAH'S RELOCATION SERVICES, please ensure all boxes are completely packed, securely sealed, and clearly labeled before our crew arrives.

2

KEEP ALL VALUABLES, important documents, medications, jewelry, cash, passports, keys, and personal electronics with you during the move.

3

MAKE SURE ALL HALLWAYS, entrances, access points, and walkways are clear.

4

LABEL BOXES AND ROOMS at both the origin and destination using the same room names. This helps our crew place every item in the correct location quickly and efficiently.

5

CLEARLY IDENTIFY any items, rooms, or designated areas that are not part of the move and should remain at the property.

6

COMPLETE ANY BUILDING REQUIREMENTS, including elevator reservations, Certificates of Insurance (COIs), loading dock arrangements, or parking permits before moving day.

7

KEEP CHILDREN AND PETS away from active moving areas for everyone's safety.

8

EMPTY, CLEAN, DEFROST, AND DISCONNECT refrigerators and freezers at least 24 hours before moving day.

9

COMPLETE A FINAL WALKTHROUGH of all rooms, closets, cabinets, storage areas, garages, attics, balconies, and outdoor spaces to ensure nothing is left behind.

10

NOTIFY OUR OFFICE as soon as possible of any changes to your inventory, addresses, access conditions, contact information, or moving schedule.

11

PREPARE YOUR NEW HOME: Label each room to match the labels on your moving boxes so our movers can place everything quickly and accurately.

12

FINAL PAYMENT is due upon completion of services according to the terms outlined in your signed estimate.
